DOCKET NO. RE-00000C-94-0165

APPLICATION FOR LEAVE TO FILE FOR LATE INTERVENTION

Pursuant to A.A.C. R14-3-105 and the Procedural Order in this docket dated May 25, 1999, PHASER Advanced Metering Services ("PHASER") respectfully applies for an order granting leave to file for late intervention in the above-captioned proceeding.

PHASER, a division of Public Service Company of New Mexico, has received a Certificate of Convenience and Necessity to provide retail electric meter service provider services in two Arizona affected utility service territories and one quasi-government utility service area (Arizona Public Service Company ("APS") , Tucson Electric Power Company , and Salt River Project), and as such, has a substantial interest in the outcome of this proceeding.

PHASER was a party to Docket No. RE-00000C-94-0165 and therefore erroneously believed to be a party in this docket. PHASER may be directly and substantially affected by the proceedings to the extent action taken by the Commission in granting or denying the application of APS for (1) approval of its plan for stranded cost recovery, (2) approval of its unbundled tariffs and (3) approval of the settlement agreement impacts the introduction and nature of competition in the generation of electricity in the State of Arizona.

The granting of intervenor status to PHASER will not cause the issues to be unduly broadened, except upon leave of the Commission first had and received, nor unduly prejudice any party in the proceeding.

PHASER requests that all communications in connection with the above-captioned proceeding be directed to:
